

Threading Fun, Skillfully Done!

Little hands got busy lacing colorful beads, boosting their fine motor skills and hand-eye coordination.

Stick by Stick, We Build and Learn!

Our little learners creatively constructed letters using ice cream sticks, exploring shapes and strokes hands-on. This fun-filled activity enhanced their letter recognition, spatial awareness and fine motor skills.

Exploring Space through Sensory Play!

Tiny hands molded colorful playdough to form planets, exploring the wonders of our solar system through creativity. This hands-on activity sparked curiosity while enhancing their fine motor skills and imagination.
