

Little Chefs, Fruity Delights

Our tiny tots turned into little chefs today as they chopped, mixed, and prepared a colourful fruit salad! This hands-on activity helped them learn about healthy eating while boosting their fine motor skills and teamwork.

“Little Hands, Greener Lands!”

Our young nature lovers joyfully planted saplings, learning the value of nurturing and caring for the environment. This activity helped them develop responsibility, patience, and a love for green spaces.

“Little Stars, Big Community Heroes!”

Our tiny tots stepped into the shoes of community helpers, dressing up as doctors, policemen, teachers and more! Through this roleplay, they built confidence, communication skills, and respect for those who serve us every day.
