

## Counting Snowballs Building Skills!

Little hands worked with focus as children counted snowballs and transferred them using tongs, matching each set to the number card. This fun winter activity strengthened number recognition, hand-eye coordination and fine motor skills through playful learning.

# Scoop and Transfer and Let The Snowy Fun Begin!

Children enjoyed scooping and transferring snowballs, turning a winter-themed activity into a joyful learning experience. This hands-on play helped strengthen fine motor skills, concentration and coordination while having loads of snowy fun.
