

Tiny Speakers on Move!

Children participated in the Show and Tell activity by speaking a few sentences about their favourite mode of transport.

This activity helped enhance their vocabulary, confidence and communication skills while learning about different vehicles in a fun way.

Sorting Fun for Healthy Minds

Our Little learners enjoyed a hands-on sorting activity by identifying and separating fruits and vegetables. This fun task helped enhance their observation skills, vocabulary and understanding of healthy eating habits.

Trust the Touch, Sharpen the Focus!

Blindfolded and brimming with excitement, children carefully inserted pens into bottles using only their sense of touch.

This fun challenge boosted concentration, hand-eye coordination, patience and confidence while turning learning into play.
