

Little Hands, Big Colours : Holi Celebration

Holi is the festival of colors and happiness. Organic colors are good for our skin and also good for nature.

Our teacher showed the children how to make organic colors using natural things like flowers and turmeric. The children learned to celebrate a safe, fun, and eco-friendly Holi.

Tiny Hands Pichkari Splash

As part of the Holi celebration, the teacher organized a fun Colour Splash activity using pichkari for the children. 🎨 The little ones had great fun spraying colourful water and playing with their friends.

International Women's Day was celebrated with great joy and enthusiasm. The day was dedicated to honoring the love, care, and strength of all women, especially mothers, teachers, and caregivers who play an important role in shaping young lives.

The celebration began with a short introduction where teachers explained the importance of Women's Day to the little children in a simple and engaging way. The Mothers participated in various fun activities such as Hop and Pop! and the Glass pyramid balance challenge and the children's also made small greeting cards for their mothers as a token of love.

Parents thoroughly enjoyed the program and appreciated the efforts of the children and teachers. The cheerful interaction between parents and children created a heartwarming atmosphere in the school.

The celebration ended on a happy note with smiles, applause, and appreciation for all the wonderful women who inspire and nurture young minds every day.
