

## Wake Up, Little Seed!

For children, the biggest joy comes from seeing something small turn into something living and growing — it feels like they created life with love and care.

Our teachers briefed the learners about Seed Germination and how a tiny seed grows into a plant. Children showed excitement while touching and planting seeds.

# Tiny Tots Celebrating Marathi Bhasha Diwas

Children came dressed *in Traditional Maharashtrian* attire for *Marathi Bhasha Diwas* Celebration. The traditional outfits added cultural charm to the celebration and created a vibrant, festive atmosphere. The children looked absolutely adorable and graceful in their traditional Maharashtrian attire.

Our teachers beautifully explained the importance of the Marathi language to the children. The children listened very attentively and showed great interest throughout the session. They were curious, responsive, and eager to learn new Marathi words. It created a sense of pride and respect for the Marathi language among the young learners.

Children had a wonderful time singing Marathi songs on **Marathi Bhasha Diwas**, which is celebrated in honour of the great Marathi poet Kusumagraj (Vishnu Vaman Shirwadkar). Our Nursery children sang Marathi song '**NAACH RE MORA**' with great joy and enthusiasm. Our Jr.Kg and Sr Kg. children also enjoyed singing Marathi Song '**ASWAA SUNDER CHOCOLATECHA BUNGLA**' with pride and confidence.
